

Kaifeng JiuHong Chemical Co., Ltd
PA quality inspection report

Product number: JH05
Product origin: Kaifeng City
Sampling place:
Sampling date: 08-25-2022

Inspection standards: GB/T 15336-2013
Product quantity:
Packaging type:
Detection date: 08-25-2022

Project	Technical indicator			Result
	High performance	Grade One	Qualified	
Inspection indicator name				
Exterior	White flake or crystalline powder		White with other shades of scaly or crystalline powder	White flake or crystalline powder
Molten chroma/ (Chroma number) \leq	20	50	100	10
Thermal stability chromaticity / (Chroma number) \leq	50	150	-	25
Thermostable chroma sulfuric acid / (Chroma number) \leq	40	100	150	10
Crystallization point/ $^{\circ}\text{C}$ \geq	130.5	130.3	130	130.7
Purity/% (Chromatographic analysis)	99.5	99.0	98.5	99.80
Mass fraction of free acid/% \leq	0.20	0.30	0.50	0.03
Remarks: Detection items according to customer requirements	Conclusion			High performance
