01 Product Specification

Product specification

Note:

Watch out for clothes, hair, chest, fat, fingers, etc. getting caught in it.

Product name	Fascia roller	Product specifications	55×14(cm)
Charging voltage	5V	Charging interface	TYPE-C charging
Rolling position	1-8 (8 steps)	Battery life	240min
Ball material	Silica Gel		

02 Product function

Product action

This is a micro-vibration rolling instrument that acts on the muscles and tissues. It consists of multiple spheres arranged in a cylindrical shape, exerting squeezing and rolling actions on various parts of the body. Additionally, the special "honeycomb configuration" of the spheres generates pulsing and rhythmic movements, aligning with the ergonomic design of the human body. This design makes the operation more effortless, provides greater massage intensity, and stronger penetration.

03 Product efficacy

Product efficacy

Effect

► Relieves soreness

Unclog the body's meridians, regulate qi and blood, and relieve muscle aches.

► Improve the Wealth Pack

Promote blood circulation, boost metabolism, improve microcirculation, relieve pain, reduce swelling, and disperse stasis.

► Body beauty and body shaping

Assist in breaking fat deposits, chasing away flab, and beautifying body curves

► Assists digestion

Massage belly can promote gastrointestinal peristalsis, help digestion.
