MORE AMAZING GAMES !**

# ABOUT BRIGHTING

Brighting established in 2009, located in the beautiful city Xiamen.

We are one of the China's professional ONE-STOP board game supplier and design solution provider with 15 years industry experience. Quality is our spirit and first consideration, we have all the game certifications suitable for each market needs ( EN71, ASTM963, California 65, etc.) to ensure the standards requirement , and we provide worry-free after sales.

At Here you will find all the game related accessories and finished production assemblies and have a clear template of how to work together step by step to make the whole game easy and simple , you may have an amazing discovery of different production process and styles that are beyond your current knowledge.

We focus and welcome customization, our team will be online at any time to help you turn your idea into reality, as well as give the most suitable and effective collocation scheme. You can take our company as your workroom in China. Start your game production with Xiamen Brighting now , Let's hand-in-hand making more amazing games!
