

# SMILE TECHNOLOGY PRODUCT LIST

Great service is mission

Great price & High value

High quality is obligation

# SHEET METAL

Liaoning SMILE Technology Co., Ltd. covers an area of 50,000 square meters. Established in 2005, the company is a custom function factory integrating R&D, design, production and sales. It has developed into an enterprise capable of carrying out two leading fields of precision sheet metal processing and precision mechanical processing.

The company has Italian El.En fiber laser cutting machine, Taiwan Tailift CNC high-speed hydraulic punching machine, Taiwan Tailift high-precision CNC bending machine, Swiss Bystronic high-power fiber laser cutting machine, Swiss Bystronic CNC bending machine, KUKA welding robot, OTC welding robot and a complete set of sheet metal and seed welding machine processing production lines and their equipment.

At present, the company has 30 professional technicians in charge of design and development and more than 300 experienced staffs with strong operational ability. The annual production capacity of the company reaches 300 million yuan, and the company has fully automatic spraying production lines and professional water curtain spraying rooms. The company is committed to developing overseas markets and now has reached strategic cooperation with more than 50 countries and regions around the world, and the global regional agents have exceeded 100.

Our products include: express parcel lockers, apartment mailboxes, charging piles, industrial electrical, electronic control boxes and factory servers, network box and cabinet series, consoles, etc., covering more than 20 scenes of life, transportation, industry, study, sports, outdoor, etc.

# CNC PARTS

- Shenyang SMILE Technology Co., Ltd. is one of the branches of SMILE Group, mainly engaged in precision machining products and 8K mirror frame bodies. It covers an area of 20,000 square meters. Most of the customer groups we serve are semiconductor companies, and they have extremely high requirements on product design and parameters. In order to meet the needs of our customers, we purchased 20 sets of machining center equipment at one time and built a 5,000 square meters clean room just to serve our customers better.

Our products include: processing and manufacturing of semiconductor equipment such as lithography machine frames and their internal precision parts, placement machine frames and their internal precision parts, automatic gluing machine frames and their internal precision parts, and processing and manufacturing of automobile and motorcycle parts.

## ABOUT US

SMILE TECH IS A GLOBAL TECHNOLOGY COMPANY BASED IN CHINA WITH OPERATIONS IN 120 MARKETS.

## OUR ADVANTAGES

### CLASS 10,000 CLEANROOM SETS INDUSTRY STANDARD

**1,000,000+**

TO ENSURE PRODUCT QUALITY AND STABILITY IN INDUSTRIES LIKE MICROELECTRONICS, PHARMACEUTICALS, AND BIOTECHNOLOGY.

**1000m<sup>2</sup>**

THE LARGER SPACE ALLOWS FOR FLEXIBLE PLANNING AND LAYOUT, OPTIMIZING PRODUCTION PROCESSES.

**30+**

A PROFESSIONAL TEAM OF 30 INDIVIDUALS CAN COLLABORATE EFFECTIVELY, SWIFTLY IDENTIFYING AND RESOLVING PRODUCTION ISSUES.

**260+**

WITH 260 EMPLOYEES, WE'RE CONFIDENT IN PROVIDING A WIDER RANGE OF PROFESSIONAL CUSTOMIZED SERVICES TO CLIENTS.

WITH TWO OPERATING FACTORIES, SMILE TECH HAS AMPLE HUMAN RESOURCES TO SUPPORT ALL STAGES OF PRODUCTION, BOOSTING PRODUCTIVITY. OUR STRONG SUPPLY CHAIN AND PROCUREMENT CAPABILITY SECURE BETTER MATERIAL PRICES, LOWERING COSTS. IN 2024, ¥10,000,000 WAS ALLOCATED FOR RESEARCH AND INNOVATION, IMPROVING PROCESSES AND PRODUCT DESIGNS. EQUIPPED WITH ADVANCED TECHNOLOGIES, WE MEET DIVERSE CUSTOMER NEEDS EFFECTIVELY.

Contributed to national project manufacturing

24/7 rapid communication response

Sheet metal production customization expert

# 1. Sheet Metal Parts (LNSA Series)

SMILE®

SMILE®

Product Name	Factory OEM Sheet Metal
Raw Material	1. metal:aluminum: 2024,5052,6061,6063,6082,7075 etc. Steel: carbon steel (No.10,15,20,25,30,35,40,45...80).etc. alloy steel (15Cr,20Cr,42CrMo) and other etc. Stainless steel: 201,202,301,302,303,304,316,317,420,430,440,630 etc. Brass,copper,bronze:H62,H65,H90,HA177-2,HPb59-1, HSn70-1 etc. Titanium: TA1 ,TA2,TA3,TA4,TA5,TC1,TC2,TC3,TC4,TC5 etc.
Color	Custom RAL Card Color
Size	0.5mm—10mm
Protection Level	IP54 IP65
Surface Treatment	Spray Plastic/Waterproof and rustproof anodizing
MOQ	100 Pieces
Available Drawings Format	stp, step, igs, iges, x_t, sat, stl, sldxml, prt, ipt, dxf, dwg, PDF, jpg, jpeg, png, etc.
Manufacturing Service	CNC machining,milling,turning,grinding, wire EDM cutting,cnc prototype/jig/fixture,laser cutting,other metal fabrication,like Stamping,Bending,Casting,etc.
Tolerance	highest = +/-0.005mm or +/- 0.0002 inch
Surface Roughness	Ra0.4 (milled or turned without polishing or grinding)
Finish	polishing,mirror polishing,brushing, sandblasting, heat treatment etc.
Surface Treatment	anodizing,blackening,electroplating(zinc,nickel,chrome),electrophoresis, painting, powder coating,passivate,carburize etc.
Logo	laser engraving, CNC engraving, screen-printing etc.

SHEET METAL × CNC PARTS

## 2.Machined Parts (LNSB Series)

SMILE®

<b>CNC Machining or Not</b>	Cnc Machining
<b>Usage</b>	Auto parts, electric car, motorcycle, bicycle parts accessories, custom screws Hospital instrumentation parts precision sheet metal precision machining
<b>Type</b>	Broaching, DRILLING, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Rapid Prototyping, Turning, Wire EDM
<b>Material Capabilities</b>	Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless Steel, Steel Alloys
<b>Place of Origin</b>	China, Liaoning
<b>Shape model</b>	CNC machining aluminium parts
<b>Surface treatment</b>	Smooth,sandblasting,anodizing,electroplating,zinc plating are okay
<b>Tolerance</b>	+ - 0.005 mm
<b>MOQ</b>	4
<b>Drawing Format</b>	PDF/DWG/IGS/STP/ etc
<b>Our Service</b>	Customizable OEM&ODM CNC machining,as per customer's requirement
<b>Equipment</b>	CNC Machining Center,CNC lathe,CNC turning,milling
<b>Delivery</b>	By DHL,FEDEX,Shipping,cars

## 4. Express Cabinets (LNSR Series)

SMILE®

SMILE®

name	china parcel locker customized automatic electronic parcel delivery locker
packing	<ul style="list-style-type: none"><li>* Inner packing: polyfoam and pearl-cotton between each part</li><li>* Outer packing: standard 5-layer export corrugated carton or wooden box</li><li>* One piece one carton</li></ul>
Thickness	1.0 mm is widely used conventionally, 0.8-1.5 mm
Cabinet structure	1 main locker + 2 deputy locker, total 60 box doors; Main cabinet size: 1980 (high) * 1000 (wide) * 500 (deep) Deputy cabinet size: 1980 (high) * 900 (wide) * 500 (deep); Remarks: the number of deputy cabinet can be added according to the actual needs of the user.
Surface	Electronic powder coating
Power Voltage	AC200V - AC240V 50Hz, standby: 65W, work: 90W. The system has the AC and DC power detection function which can be indicated on the display screen. At the same time, the system has a low voltage automatic detection function alarm function to ensure the stability of the system.
Use for	outdoor, School, Hospital, Company, Factory, Hotel

# 5.Electrical Equipment (box) Housing (LNSP series)

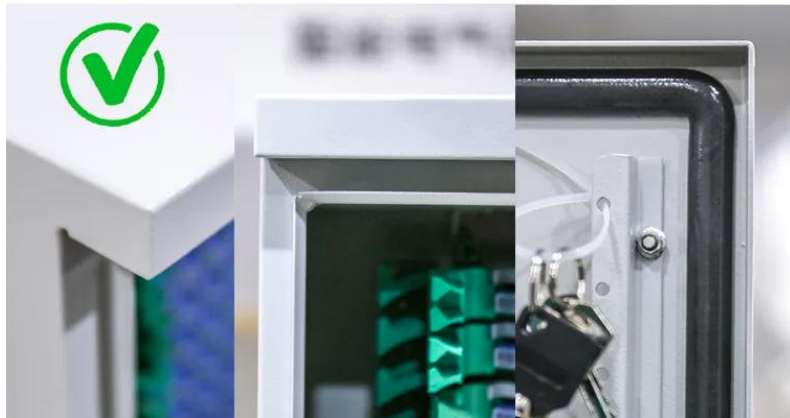

SMILE®

SMILE®

## SMILE high-end customized products

### Advantages:

- 1.Sealing strip forming used Full-automatic pouring machine by once time.Comparing with traditional sealing strip have waterproof ,fireproof, with stand high temperature
- 2.The door can be exchanged compare with traditional hinge more beautiful ,no sealing off and broken.
- 3.Box forming by once time ,more beautiful
- 4.Mounting plate have many spare holes convenient to electrical engineering wiring and fasten.
- 5.The backboard screws are assembly type not traditional welding craft more durable.

Product Name:	Sheet Stainless Steel Electrical Enclosure Metet Junction Metal Box
Material	Cold rolled steel, SECC, SGCC, Al-Zn alloy coated steel, galvanized steel, Aluminum, Steel, Stainless steel, Brass, Copper, Bronze, etc.
Color	nickel white / customized
Process	Laser cutting, punching, deburring, bending, pressing, welding, riveting, grinding, surface treatment, assembly
Surface Treatment	powder coating, painting, galvanizing, electroplating, anodising, chromeplating, brushing, polishing, silk-screen, printing
Service Type	OEM ODM
Appliance	Automatic machine, Medical device, Industrial machine, Automoblie, Electric appliance, Pulic equipment, etc
