

THE KING OF KITCHEN

Foshan Meijiayi hardware Ltd is a company specializing in producing high-grade cabinet hardware products which founded The TTK brand in 2009, with significance of THE KING OF KITCHEN.

The factory covers an area of 22,000 square meters, and has more than 100 employees. Meijiayi has a strong production capacity, integrating research and development ability, to create high-end kitchen hardware brand.

In recent years, the company continues to introduce advanced technology and equipment, equipped with several 200 tons of hydraulic press and dozens of sets of 60 tons punch press, many sets of 3D wire bending machine and 3D touch welder, 5 sets of automatic welding manipulator and laser welding machine.

Combined with its own strong technical research and development advantages, a total of 600 sets of hardware and plastic mold development surplus, continuously produce pull-out basket which is more suitable for customers. Upholding the "Integrity, Quality, Innovation" business philosophy, and establishing the "Preciseness, Sincere, Efficiency" course of action, TTK is developing into the preferred partner of many famous kitchen cabinets brand at home and abroad.
