

# FACTORY

## Enterprise Appearance

*The factory has a magnificent building covering an area of 20000 square meters, divided into workshops, employee dormitories and office buildings. The office building includes multiple office spaces, including offices, warehouses, quality management rooms, meeting rooms, packaging rooms, reception rooms, etc. The dormitory also provides accommodation for each employee.*

## Plant Equipment

*The company has imported over 50 sets of equipment from Taiwan, including single mode machines, four mode four cold heading machines, five mode five cold heading machines, strip cutting machines, clamping machines, CNC and other equipment.*

## ABOUT US

### Company Profile

Zhuzhou Jinxin Studs Co., Ltd. integrates the production, R&D, sale and technical service of cemented carbide products. Based on its production advantages of cemented carbide, our company boasts world advanced production technologies, a strong R&D team, We have 13 years of manufacturing experience in the field of hardware fasteners. The company focuses on researching, testing and developing high-quality cleats and hardware fastener products. Awarded as a national high-tech enterprise. In addition to providing standard hardware fasteners, we also feature non-standard customization services and provide hundreds of companies with customization needs for non-standard fasteners. Our customization services cover a variety of non-standard customized screws, bolts, nuts, rivets and other products, and we also provide supporting precision hardware. In order to ensure product quality and customer satisfaction, we strictly operate in accordance with a high-quality, high-standard production quality system and adopt multiple rounds of quality inspections to ensure the stable quality of our products.

## 13 YEARS +

Over 13 Year Professional Customized Factory Experience

WORKSHOP 1

WORKSHOP 2

WORKSHOP 3

There are currently more than 20 multi mold cold heading machines at multiple workstations, all of which are imported from Taiwan. They can produce screws in large quantities while ensuring product quality.

There are more than 10 clamping machines available, which are used for post processing of screws, such as clamping. There are also dozens of CNC machines that manufacture high precision machined parts, ensuring that the details are well done and refined. There are more than 60 multi station mold workers in the workshop, with complete production processes and rigorous quality control, fully meeting customers' quality requirements.

# Workshop Display For Ordinary Parts

## JINXIN GROUP

Complete Equipment

More than ten multi-station heading machines, more than ten mold closing machines, cutting machines, etc. in the workshop. Professional production: various precision screws such as automotive fasteners, furniture, home appliances, sports equipment, electronic adjustment screws, etc. Equipment type: single die machine, the second mock examination four cold heading machine, four die four punch cold heading machine, five die five punch cold heading machine and clamping machine. The screw material and customer requirements can achieve diversified production. Welcome to visit and customize.

## Quality Management System Certificate

### ZHUZHOU JINXIN CEMENTED CARBIDE GROUP CO.,LTD

Certificate No.:19521Q36467R1S  
Unified Social Credit Code:91430202691819241Y  
Registration Address:No. 301, Plant 8, Jiade Industrial Park, No. 269, Jinlong East Road, Hetang District, Zhuzhou, Hunan Province  
Business Address: No. 301, Plant 8, Jiade Industrial Park, No. 269, Jinlong East Road, Hetang District, Zhuzhou, Hunan Province  
Management system conforms to the standard:GB/T 19001-2016/ISO 9001:2015  
The certificate is valid for the scope:Sales of Cemented Carbide Products  
Date of Issuance: Jul.07,2021      Date of Expiry:Jul.06,2024  
Date of Renewal:Jul.11,2023

Note: After the issuance of this certificate, it will remain valid only if the certified organization accepts surveillance audit at regular intervals within the validity period and is added to be qualified.
