STRATIX 8000/8300 EXPANSION 8COPPER-FE

Automation Systems > Gateways and Networks > Network Switching and Routing > Allen-Bradley Stratix Ethernet Switches > Stratix® 8000/8300 Modular Managed Industrial Ethernet Switches > Stratix 8000™ / Stratix 8300™ Expansion Modules

Stratix 8000 Copper Expansion Module, 8-Port

- Copper and Fiber Expansion Modules
 - Additional 8 or 16 coppers ports, 8 fiber ports, or 8 copper and 8 fiber ports
- SFP Expansion Modules
 - Lower price point for added fiber requirements
 - Ability to support single mode fiber for longer runs (for example, mining tunnels)
 - Ability to mix and match multimode and single mode fiber
 - Expanded capacity for fiber applications – 12 fiber ports total
- PoE Expansion Modules
 - Reduced wiring cost for lower power devices (IP phones, camera, wireless access points, bar code readers)
 - Network control – ability to turn on/off devices for power savings or added security
 - Flex ability in deployment of devices in remote locations (for example, wireless access point in ceiling)
