

## PRODUCT PARAMETERS

Tube Voltage	70kV	Battery Capacity	2500mAh
Tube Current	3mA	Maximum Inverter Frequency	80kHz
Power Supply	100-240VAC/50-60Hz	Weight	2.0kg
Exposure Time	0.02s-2s	Radiation Leakage Rate	1 Meter 0.05mGy/h
Continuous Shooting Times	>500 times	Warranty	2 years
Focus	0.4mm	Packaging Size	300x310x162mm

# Premium Performance Practical Price

## PRODUCT FITTING

UA Dental Digital Imaging Series

## Foshan UA Dental Medical Equipment Co., Ltd

Building A Nanxin Plaza, Shishan Town, Nanhai District, Foshan City,

Guangdong Province, China

Mob: +8613702756227

Email: info@uadentech.com

Web: www.uadentaltech.com

\*Optional Shielding Hood To Meet Different Requirement

Foshan UA Dental Medical Equipment Co., Ltd

# 1-Ultra-Lightweight Design Comfortable One-hand

Total Weight:2.0KG (Weight excludes shielding case)

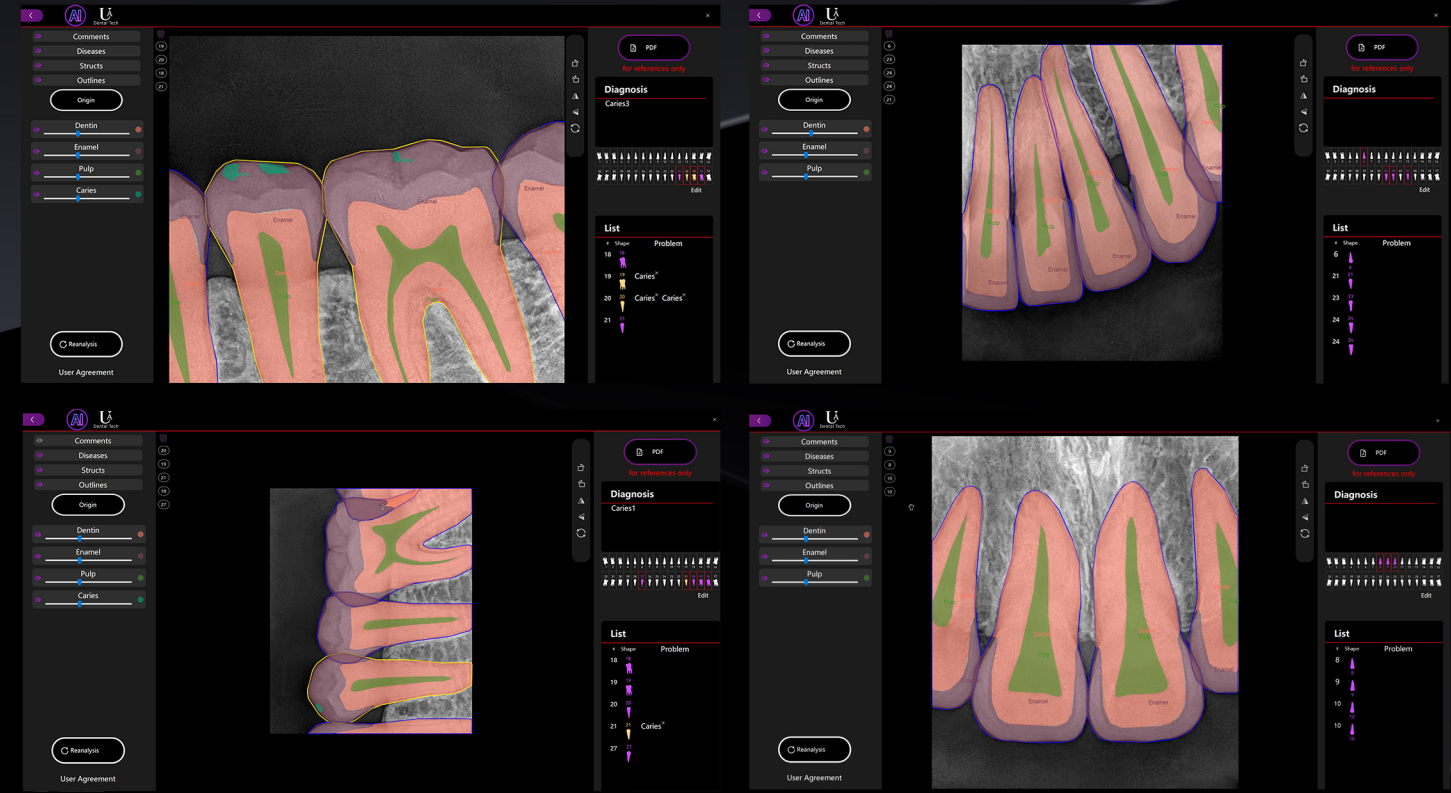

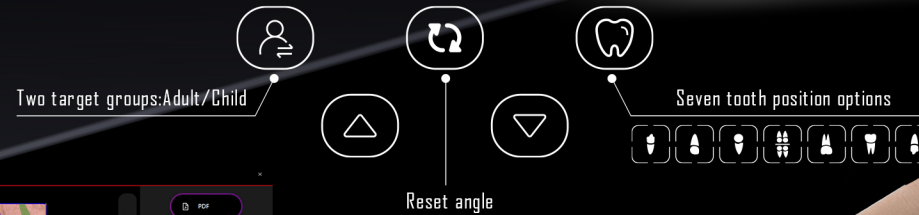

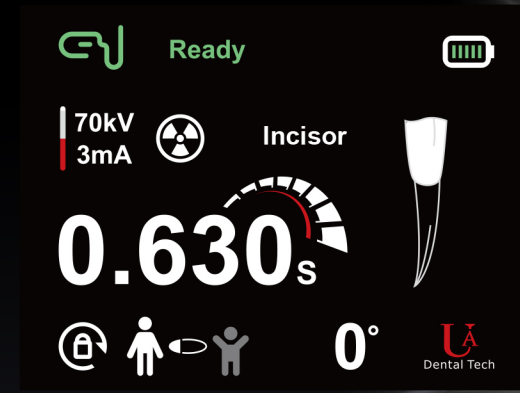

Better grip,better control

# 2-Millisecond Exposure

60 / 65 / 70kV Adjustable 2.0 / 2.5 / 3.0mA adjustable  
Precisely compatible with different tooth positions

# 70kV 3.0mA

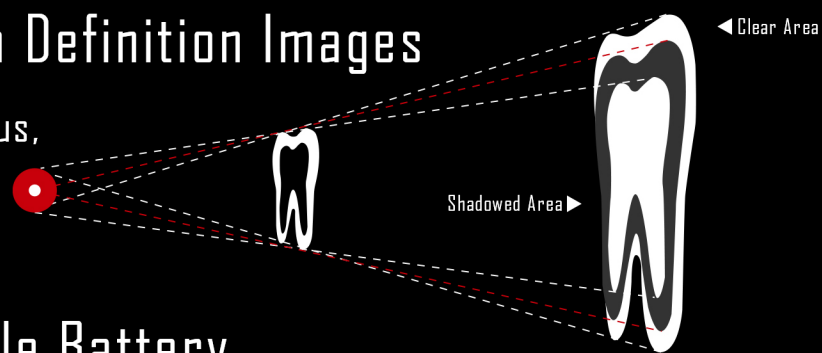

# 5-3.67" touchscreen with simple, smart interface (Easy Operation)

\* [User icon] + [Tooth icon] = Long press to open system settings  
[Up arrow] + [Down arrow] = Long press to open/close the child lock

# 3-0.4mm Focus To Get High Definition Images

High-voltage Generator With 0.4mm Focus,  
Enjoy Excellence Image Quality.

# 4-Big Capacity Rechargeable Battery

2500mAh High-capacity Lithium Battery, More Than 500 Shots Can  
Be Taken Continuously When The Battery Is Fully Charged.

# 6-Intelligent Angulation System

Real-Time Display Of Holding Angle, Shooting Angle Can Be  
Adjust As Patients' Posture

# 7-Low Radiation Leakage And Locking System To Keep You Safe

Leakage Radiation<0.05mGy/h,Meet International Safety Standard,  
Fast Screen Lock To Prevent False Touch.

# 8-2 Years Warranty
