Basic Information

- Place of Origin: China, Guangdong
- Brand Name: No Brand
- Payment Terms: L/C, T/T, Western Union, MoneyGram

Product Specification

- Conductivity: Good
- Durability: High
- Malleability: High
- Tensile Strength: High
- Aesthetics: Sleek
- Color: Customized
- Material: Aluminum
- Corrosion Resistance: Strong
- Highlight: **Modular Aluminum Extrusion Shelf,
2020 Aluminum Extrusion Shelf,
2020 extruded aluminum shelving**

Product Description

Product Description:

Our Aluminum Shelving comes in a customizable color to seamlessly blend in with any space and decor. Whether you need it for your office, workspace, or home, this shelving unit is the perfect addition to keep your items organized and easily accessible.

Our Aluminum Office Shelving is designed to maximize space and provide ample storage for all your business needs. With its sturdy and durable construction, it can hold heavy items and withstand daily wear and tear. Plus, its sleek and modern design will add a professional touch to any office space.

Our Aluminum Wall Shelving is perfect for those who want to save space and keep their walls clutter-free. Its easy-to-install design allows you to quickly and easily mount it on any wall, providing a practical storage solution that won't take up valuable floor space.

Our Aluminum Shelving is also ideal for household use, providing a practical and stylish storage solution for all your items. Whether you need it for your garage, pantry, or laundry room, this shelving unit can hold a variety of items and keep your space organized.

In summary, our Aluminum Shelving is a reliable and versatile storage solution that is perfect for both household and business use. Its high heat resistance and strong stiffness make it a durable option that can withstand daily use and hold heavy items. Plus, its customizable color options and sleek design make it a stylish addition to any space.

Features:

Product Name: Aluminum Shelving

Corrosion Resistance: Strong

Rust Resistance: Strong

Tensile Strength: High

Cost: Affordable

Aesthetics: Sleek

Perfect for: Aluminum Office Shelving, Wood Aluminum, Wood Aluminum

Technical Parameters:

Product	Aluminum Shelving
Product Type	Aluminum Office Shelving, Wood Aluminum
Material	Aluminum
Color	Customized
Malleability	High
Stiffness	Strong
Corrosion Resistance	Strong
Heat Resistance	High
Durability	High
Application	Household, Business
Aesthetics	Sleek
Cost	Affordable

Applications:

One of the most common applications of Aluminum Shelving is in the kitchen. It is an excellent choice for storing pots, pans, and other cooking utensils. The product's high tensile strength and rust resistance make it suitable for use in humid environments, making it perfect for damp kitchen spaces. Its sleek aesthetics also add a modern touch to any kitchen design.

Another application of Aluminum Shelving is in the garage. The product's high tensile strength and corrosion resistance make it a perfect choice for storing heavy tools and equipment. Its rust resistance ensures that it stays in good condition even in harsh environments. Its sleek design also adds a touch of modernity to the garage's overall look.

Aluminum Shelving is also an excellent choice for use in commercial spaces such as supermarkets and warehouses. Its high tensile strength and corrosion resistance make it perfect for storing heavy items such as boxes and crates. The product's sleek design also adds a touch of modernity to the overall look of the commercial space.

Finally, Aluminum Shelving is a great choice for use in offices. The product's sleek design and high tensile strength make it perfect for storing heavy files and documents. Its rust resistance ensures that it stays in good condition even in humid environments. Its sleek design also adds a modern touch to the office's overall look.

In conclusion, Aluminum Shelving is a versatile product that can be used in various occasions and scenarios. Its sleek aesthetics, high tensile strength, and corrosion resistance make it a perfect fit for modern homes, offices, and commercial spaces. Manufactured in China, Guangdong, this product is made of high-quality aluminum, making it durable and long-lasting.

Customization:

Packing and Shipping:

Product Packaging:

All aluminum shelving units are shipped unassembled in a compact package.

The package includes all necessary hardware and assembly instructions.

The package is designed to be easy to handle and transport.

Shipping:

Orders are typically shipped within 1-2 business days.

Shipping options include standard ground, expedited, and overnight delivery.

Shipping costs are calculated based on the weight and destination of the package.

Customers will receive a tracking number once the order has been shipped.

Additional shipping charges may apply for orders outside of the contiguous United States.
