

Shockproof Electronic Die Cast Aluminum Enclosure 6063 Aluminium

Our Product Introduction

for more products please visit us on alu-heatsink.com

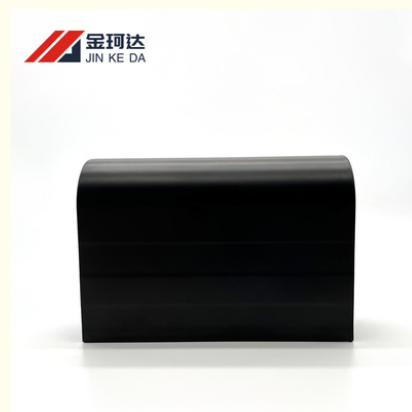

Basic Information

- Place of Origin: China, Guangdong
- Brand Name: No Brand
- Delivery Time: 15-20 Workdays
- Payment Terms: L/C, T/T, Western Union, MoneyGram

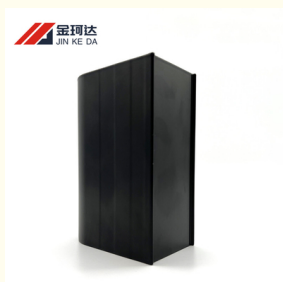

Product Specification

- Maintenance: Low
- Compatibility: Universal
- Shockproof: Yes
- Installation: Easy
- Corrosion Resistance: Excellent
- Color: Customized
- Heat Resistance: Good
- Durability: High
- Highlight: Shockproof die cast aluminum enclosure,
6063 die cast aluminum enclosure,
6063 aluminum electronic enclosures boxes

Product Description

Product Description:

Not only is this enclosure waterproof, but it also has a shockproof feature that provides added protection for your electronic components. This feature ensures that your devices are safe and secure, even when subjected to rough handling or extreme conditions. One of the best features of this aluminum enclosure is its good heat resistance. It is capable of withstanding high temperatures, making it a great option for use in environments where heat can be an issue. Our Aluminum Enclosure is perfect for a wide range of applications, including industrial machinery, automation equipment, marine electronics, and much more. Its square design allows for easy installation and the option to stack multiple enclosures together for larger projects. This product is made with high-quality materials and is designed to last. Its excellent corrosion resistance and shockproof features ensure that it can withstand even the toughest environments. Its square design and aluminum construction make it a reliable and modern choice for any project that requires a durable and stylish enclosure.

Features:

Product Name: Aluminum Enclosure
Color: Silver
Compatibility: Universal
Waterproof: Yes
Heat Resistance: Good
Material: Aluminum
Aluminum material ensures durability and sturdiness
Anodized finish for extra protection
Compatible with various devices including battery packs

Technical Parameters:

Type	Actuator
Installation	Easy
Heat Resistance	Good
Waterproof	Yes
Maintenance	Low
Material	Aluminum
Size	Customizable
Design	Sleek
Compatibility	Universal
Color	Silver
Anodized	Yes
Battery	N/A

Applications:

The Aluminum Enclosure is perfect for use with square-shaped devices such as battery chargers, power supplies, and other electronic devices. The enclosure's universal compatibility ensures that it can be used with a wide range of devices, making it a versatile option for many different settings. The Aluminum Enclosure is easy to install, making it a popular choice for DIY enthusiasts and professionals alike. The product comes with all the necessary hardware for installation, and the process is straightforward and simple. The Aluminum Enclosure is an excellent choice for battery applications, making it an ideal option for use with battery chargers and other battery-powered devices. The enclosure's sturdy construction and high-quality material ensure that it can withstand the demands of battery applications and provide long-lasting performance. This product is produced in Guangdong, China and has a delivery time of 15-20 workdays. The enclosure is silver in color, providing a sleek and modern look that will complement any device.

Customization:

Brand Name: No Brand
Place of Origin: China,Guangdong
Delivery Time: 15-20 Workdays

Shockproof: Yes

Type: Actuator

Color: Silver

Material: Anodized Aluminum

Size: Customizable to fit your needs

Our Aluminum Enclosures are perfect for battery-powered devices due to their shockproof nature. Customize your enclosure to fit the exact specifications of your battery and device.

Packing and Shipping:

Product Packaging:

The aluminum enclosure will be packed in a sturdy cardboard box.

The box will be sealed with strong adhesive tape to prevent any accidental openings during transit.

The product will be cushioned with bubble wrap to prevent any damage or scratches during shipping.

Shipping:

The product will be shipped via a reliable courier service to ensure timely and safe delivery.

Customers will be provided with a tracking number to track their package during transit.

Shipping times will vary depending on the destination, but customers can expect to receive their product within a reasonable timeframe.
