Ficgoal Hardware series

Cabinet slides, hinges

LONG SERVICE LIFE

manufacturer Professional Furniture Hardware Manufacturer

COMPANY PROFILE

Jieyang City LALALE industry Co., Ltd. is located in Xichang workaroud Jiedong district Jieyang city, the company was established in 2006, the construction area of more than 40,000 square meters. The company has been committed to the research and development, manufacturing and sales of ball bearing slide and hinge series, products sold throughout the domestic and international market, has become the preferred supplier of many well-known enterprises at home and abroad, is Jieyang city high-end furniture hardware alliance standards, one of the first group of Chinese home hardware standards drafting units.

As a manufacturing enterprise, we have the international advanced production technology and production equipment, with high-quality professional technical team, and build a strong automated production system and more perfect, strict quality management system. The whole production process from raw material cutting, to parts stamping, molding, electroplating, assembly, packaging, shipping are completed in a one-stop way.

We uphold the harmony, mutual benefit, innovation, integrity of the business philosophy, the spirit of craftsman to do a good job in every process, do a good job in every product, efforts to provide better quality products for all walks of life, more personal customer service, looking forward to the future work, and you work together to achieve a win-win goal.

Company Introductionprofile

Professional hardware brand,
excellence in manufacturing technology
humanized design and high standard quality

We have advanced machinery and equipment, high-precision stamping equipment, fully automated equipment and related product development software, as well as various automatic testing instruments using advanced production processes, professional technicians, and R&D designers. The production mechanism makes full use of the human, machine, material, method, and environmental mechanisms to form a high-tech, high-quality, high-efficiency, rigorous and orderly production system.

Company Strengths and Features

48 hour salt test machine

Our products are designed and manufactured using international advanced technology to ensure outstanding performance and stability.

50000 cycle test machine

With more than 20 years of production experience, we have a highly qualified and experienced production team and a perfect quality control mechanism.

Plating line

We are always very strict about quality, and each of our products undergoes multiple rigorous tests and quality checks.

Auto assemble machine

Our company adheres to the "customer-centered" business philosophy, our products and services have always been the starting point for the needs of customers.

OUR FIVE ADVANTAGES

Combining Technology and Craftsmanship

Give you a pleasurable experience!

1

High-quality cold-rolled
steel materials

Adopting high quality materials
Roll molding, solid and sturdy
Good flexibility and high precision

3

Sophisticated production processes
Solid mute steel ball

Carefully and perfectly manufactured
Makes the drawer pull easily
Silent and free of jams

5

Humanization design, Buffer
Self-Bomb Mutual Conversion

Built-in cushioning equipment
Absorbs the kinetic energy of external forces
Eliminates noise and vibration caused by impact

2

Perfect surface treatment

Multi-layer plating treatment on the surface
High abrasion resistance
and surface corrosion resistance

4

Superior loading capacity

Resistant to load bearing.
Suitable for various drawer sizes
Meets different drawer needs

Silent steel ball slide

Pay attention to innovation close silent

- ✓ Copper pipes are more durable
- ✓ New design for science
- ✓ Smoother push and pull
- ✓ Cushioning is quieter
- ✓ Easier installation

Installation indication

Installation method

Installation instructions

FICGOAL product features:

- 1 Rails mounted in the center of the drawer side panels
- 2 Rails slide in to the end for silent positioning
- 3 Rails are easy to install and drawers can be removed in one piece in parallel by removing the lever.
- 4 Special anti-detachment hook, stopping position, preventing the drawer from sliding out
- 5 Fully removable drawer for easy access to large items

FICGOAL slide products matching technology

FICGOAL ball bearing slides with a wide variety of products designs, using the high quality cold rolled steel material, exquisite and professional manufacturing, the drawers are sliding smooth back and forth silently without any stuck; People-oriented design concept, with double springs soft-closing equipment, it can be effective to absorb kinetic energy from the external force and eliminate the noise and vibration; With detachable function, it can make the drawers easily dismantle or install without any tools, easy for routine cleaning; Moreover, the ball bearing slides with high quality soft-closing device, fulfills to make the slides close silently with the top technology of the furniture hardware industry in the internal structure.

LS4501

3 Fold ball bearing slide

- Width: 45mm
- Material: cold-rolled steel
- Length: 250-900mm (10"-36")
- Thickness: 12.7±0.2mm
- Maximum load: 20kg-45kg
- The installed forms: drawer side
- Surface treatment: electrophoresis black, electro-galvanized
- Scope: Cabinet/Home furniture/Office furniture/Decoration project etc

Thickness Range

- 1、1.2X1.2X1.4mm 2、1.1X1.2X1.4mm 3、1.0X1.0X1.2mm
4、1.0X1.0X1.0mm 5、0.9X0.9X1.0mm 6、0.9X0.9X0.9mm

LS4001

3 Fold Ball Bearing Slide

- Width: 40mm
- Material: cold-rolled steel
- Length: 250-600mm (10"-24")
- Thickness: 12.2±0.2mm
- Maximum load: 15kg-18kg
- The installed forms: drawer side
- Surface treatment: electrophoresis black, electro-galvanized
- Scope: Cabinet/Home furniture/Office furniture/Decoration project etc

Thickness Range

- 1、0.8X0.8X0.8mm 2、0.7X0.7X0.7mm 3、0.6X0.7X0.7mm

LS3801

3 Fold Ball Bearing Slide

- Width: 38mm
- Material: cold-rolled steel
- Length: 250-600mm (10"-36")
- Thickness: 12.7±0.2mm
- Maximum load: 20kg-25kg
- The installed forms: drawer side
- Surface treatment: electrophoresis black, electro-galvanized
- Scope: Cabinet/Home furniture/Office furniture/Decoration project etc

Thickness Range

- 1、1.0X1.0X1.0mm 2、1.2X1.2X1.2mm

LS3802

3 Fold bottoming ball bearing slide

-  **Width:** 38mm
-  **Material:** cold-rolled steel
-  **Length:** 300-600mm (12"-24")
-  **Thickness:** 12.7±0.2mm
-  **Maximum load:** 20kg-25kg
-  **The installed forms:** drawer side
-  **Surface treatment:** electrophoresis black, electro-galvanized
-  **Scope:** Cabinet/Home furniture/Office furniture/Decoration project etc

Thickness Range

1、1.0X1.0X1.0mm 2、1.2X1.2X1.2mm
