About US

LEDWIDE manufacturers high-quality LED products and offers full lighting solutions with over 10-year experience in the lighting field. Unique design, multi-functional is our success to cooperate with long term customers worldwide.

All of our aluminum profiles are used in 6063 grade with T5 temper, and with strict quality control system to ensure the finish, dimension, function and ect., which ensure 5 years+ warranty.

Furthermore, our LED strips are manufactured in high standard, using one single BIN to ensure color uniformity from orders, owing 3 years+ warranty.

"Customer first" is our core culture, and we're devoted to providing more and more "custom lighting solutions" such as: 1. custom length at max. 6m 2. custom cutting to achieve any required shape 3. custom light source either in pendant, surface mount or recessed

Recently, with the higher demand and changes in the global market, we keep developing and searching for more useful products, and all items are regularly updated to keep releasing new products each month.

Our Culture

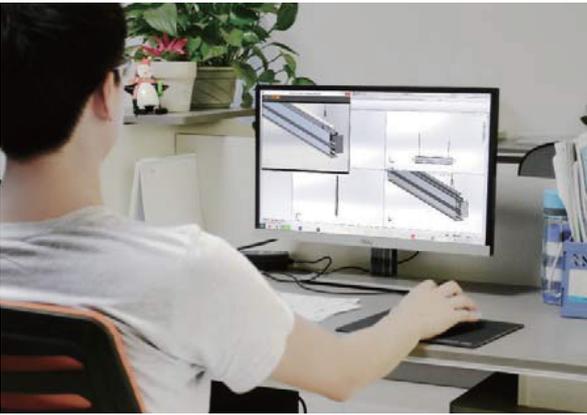

Credit First, Customer First, Quality First, Service First

Our Core Value

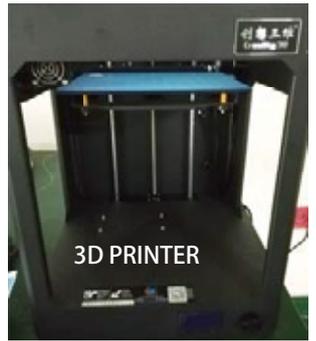

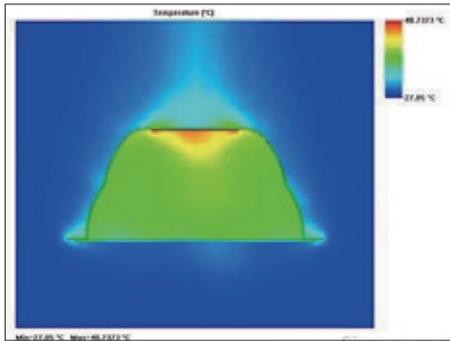

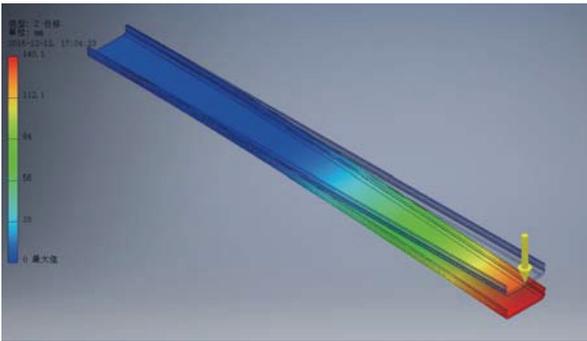

Quality, Innovation, Integrity

It is our great honor to work with you. LEDWIDE, always be your trusted partner in LED lighting field!!!

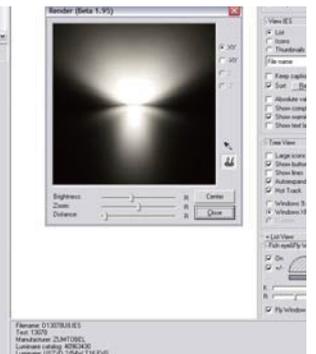

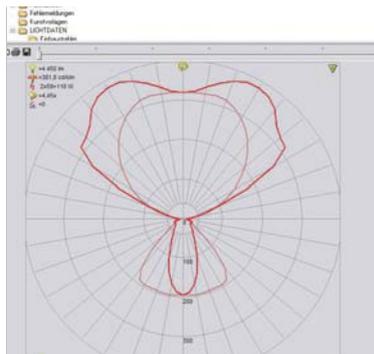

Design

IES TEST

Flammability test

Integrating sphere test

- Anodizing**
1. Two anodizing lines, monthly output 500T. Anodizing thickness is up to 25um.
 2. Color choices: Silver, bronze, champagne, titanium, nickel, golden yellow, etc.
 3. Standard: DIN, AAMA, AS, CHINA GB.

- Powder Coating**
1. Two powder coating lines, monthly output 600T. Swiss machine GEMA.
 2. Powder coating thickness is more than 60um. AKZO NOBEL INTERPON, NIPPON. Weather Resistance: more than 10 years.
 3. Standards: DIN, AAMA, AS, CHINA GB.

- Polishing**
1. Monthly output 300T.
 2. Three-acid chemical polishing and mechanical polishing.
 3. Color choices: Silver, nickel, golden yellow, black, etc.
- Brushing**
1. Monthly output 300T.
 2. Brushing with nylon brush and then anodizing, or chemical polishing.
 3. Effect: Filamentous strips on the surface.
 4. Color choices: Silver, nickel, golden yellow, black, bronze, etc.

- Fabrication**
1. Machining: Cutting, punching, drilling, bending, weld, mill, CNC, etc.
 2. Cutting tolerance +/-0.5MM.
 3. Machining tolerance +/-0.5MM.

Our company offers both PC(polycarbonate) and PMMA(acrylic) Diffuser, available with optional colors:

PMMA: Opal, Milky, Frosted, Clear

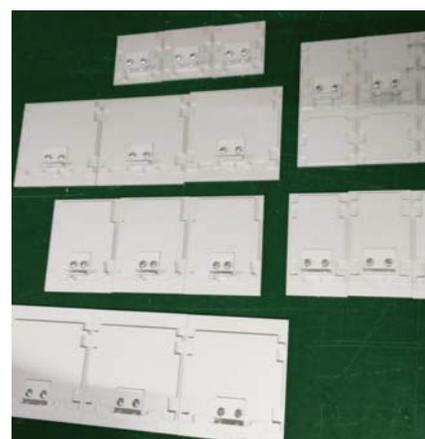

PC: Opal, Frosted, Clear

With the demanding of cost effective and quality diffuser, we develop a fresh new PMMA diffuser with our own formula.

- Larger light transmittance
- UV resistant, can be applied outdoor
- Better flexibility, can be rolled at max. 25m

Our Accessories mainly contain endcaps, metal clips, adjustable clips, spring clips, suspension kits, joiners and ect. However, we make it more user-friendly:

- Special endcaps design to prevent light leakage
- Custom suspension kit's wire length for pendant application
- Custom joiners to achieve different angle or shape
- Very popular screwless alu endcaps

Aluminum custom

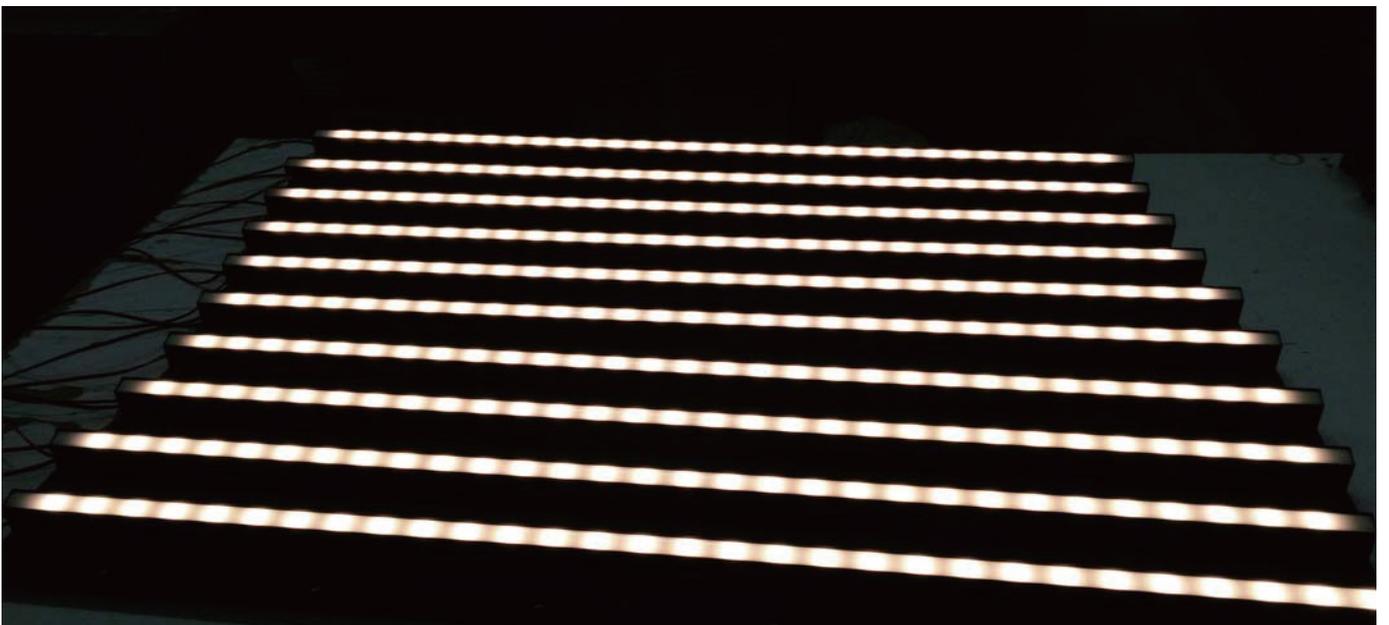

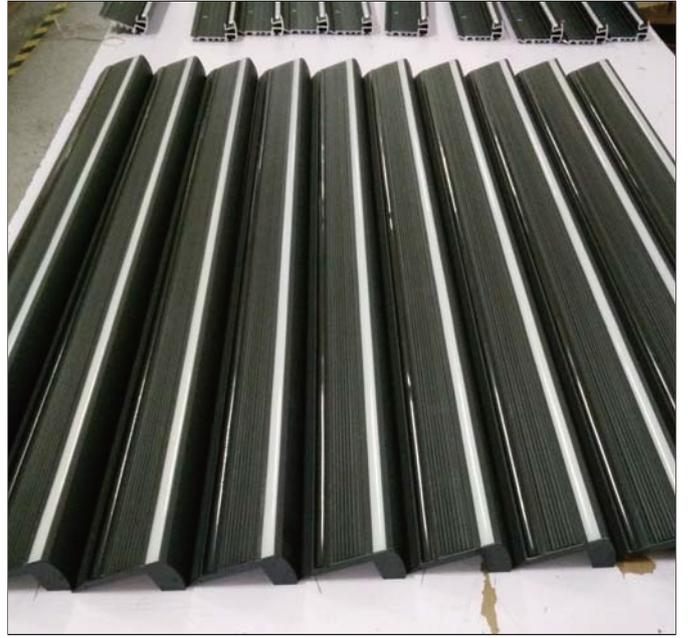

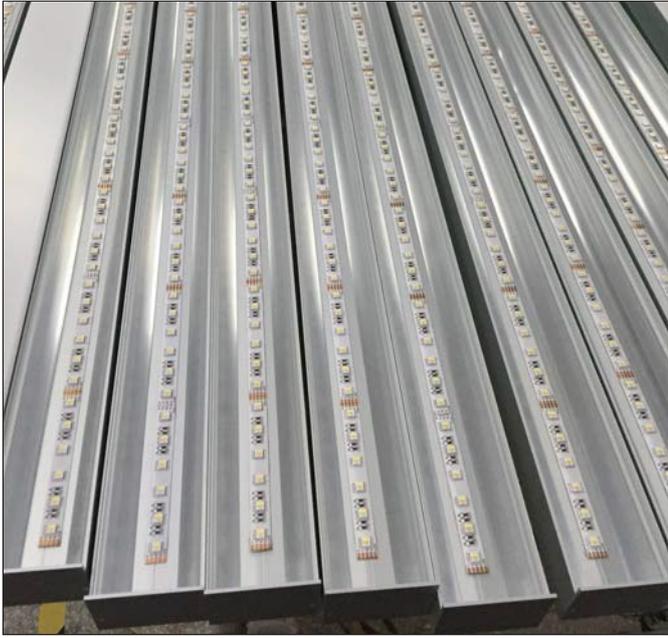

LEDWIDE offers custom cutting in any length at max. 6m, and it's precise to mm. Normally we use 90°180°120° or any type joiners to connect the pieces, easy to ship and install.

You can just tell us what angle or shape you want, then we make it for you. Moreover, having LED strips pre-installed in the required shape is no problem.

Plus, we're pleased to serve customers with CNC engraving alu endcaps. Some of our profiles already come with screwless type, and if you need customized one, we're happy to custom any alu endcaps for you! Either mill finish or silver anodized is upon your request.

You offer us drawing, we CUSTOM for you to make it real!!!

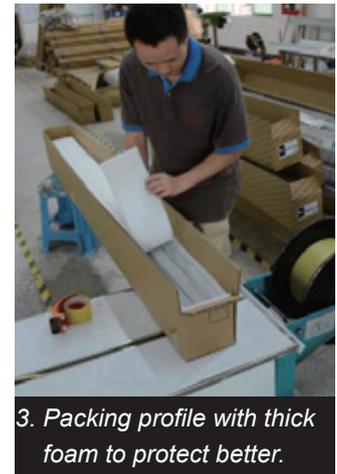

1. Warehouse

2. Cleaning profiles

3. Packing profile with thick foam to protect better.

4. Strapping

5. Making the package more stable.

6 Ready for shipping.

Q1. Can we order special length for aluminum profile ?

A. Yes, any special length within 6 meters can be made upon your request. But the MOQ for the length longer than 2.5m is 500m per item.

Q2. What is MOQ for the aluminum profile and diffuser ?

A. Generally MOQ for aluminum profile and diffuser is 100meters per item, but it's upon to the exact item due to the different size and weight.

Q3. Can you do OEM, how about the mould cost?

A. OEM is welcomed. The mould cost depends on different design, we'll evaluate per your drawing.

Q4. How do you pack the goods well?

A. Standard package: using thick carton box and products are wrapped well by quality EPE foam for oversea shipping. Pallet+ paper tube+carton box package upon request.

Q5. What's the delivery time?

A. Samples within 3 days; for bulk cargo, 5 days if in stock, otherwise 15-20 days.

Q6. How do you ship the goods and how long does it take to arrive?

A. We usually ship by DHL, UPS, FedEx or TNT for the order below 200kgs. It usually takes 4-8 days to arrive. Airline and sea shipping are also accepted.

Q7. Do you offer guarantee for the products?

A. Yes, we offer at least 3 years warranty to our products.

Q8. What is the payment method?

A. Payment can be made by Bank transfer, credit card, Western union.(Flexible)

Q9. What are the main market of your products?

A. Our main market are America, Australia, Europe, UAE.

Q10. Can you accept a small trial order?

A. Sample or a small order is no problem to check our quality, we offer continuous service for you.

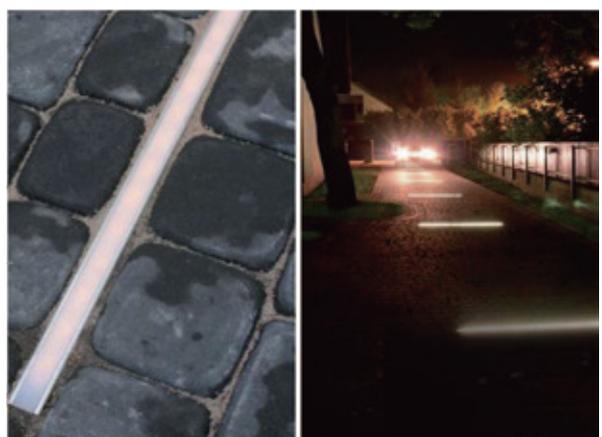

FAQ

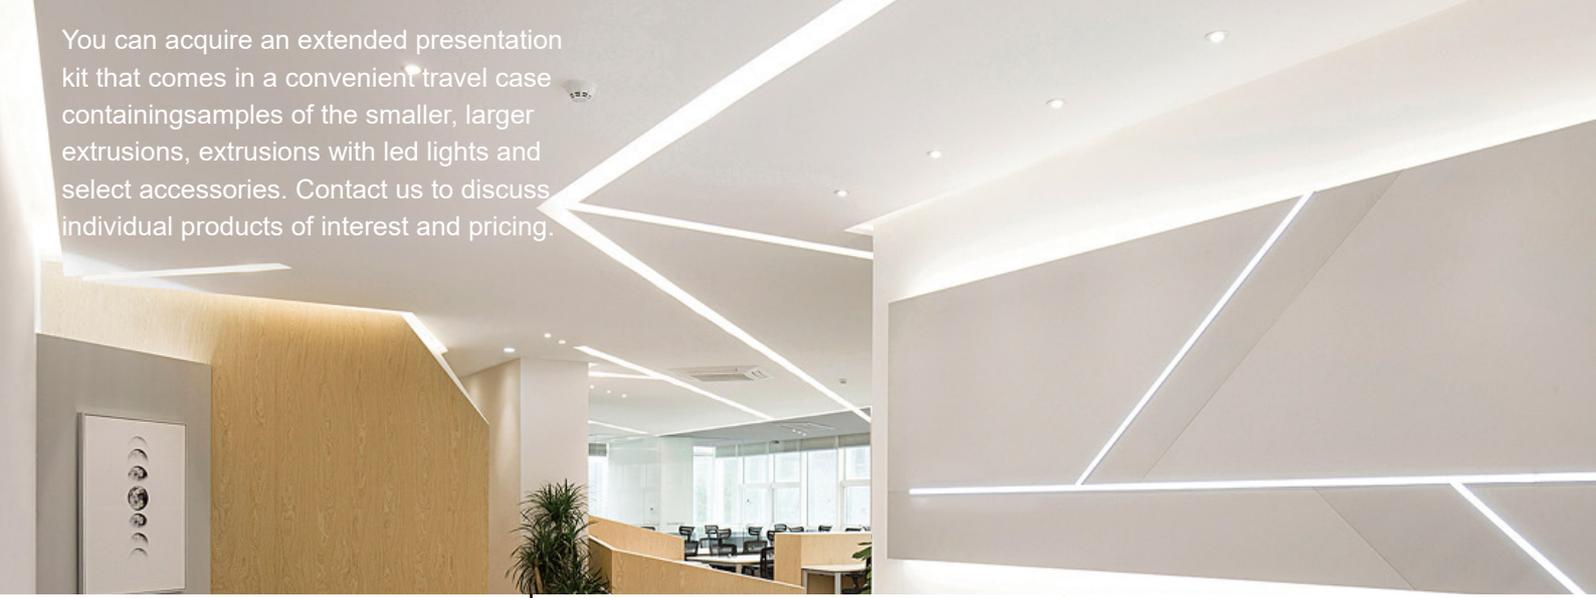

Business partner

Business cases

You can acquire an extended presentation kit that comes in a convenient travel case containing samples of the smaller, larger extrusions, extrusions with led lights and select accessories. Contact us to discuss individual products of interest and pricing.
