

## Platycodon Root Certified Organic

|                   |                                       |
|-------------------|---------------------------------------|
| Common Name:      | Platycodon Root Certified Organic     |
| Botanical Name:   | Platycodon grandiflorum(Jacq.) A.D C. |
| Latin Name:       | Playcodonis Radix                     |
| Pinyin Name:      | Jie Geng                              |
| Plant Part Used:  | Root                                  |
| Quality Standard: | EU Organic, USDA Organic (NOP)        |
| Specification:    | Whole/Slices/Powder/OEM               |

### Specification

Oval or irregular thick slices.

The outer part of the cross section is white, the inner is yellow, and there is a brown ring in the middle. It is commonly known as Jinjingyulan, which is a typical characteristic of Platycodon grandiflorum.

The skin of the cut surface is white and narrow; the cambium has obvious rings and brown; the wood is wide and has many cracks.

### Active ingredients

Platycogenin, and a small amount of neopolygalaic acid, platycodin A, B, C.

### Functions

1. Coughing and sputum, chest tightness.
2. Sore throat, aphonia.
3. Pulmonary carbuncle and pus.
4. Antitussive and anti-inflammatory
5. Prevent ulcers

### Advantage

1. New products in the current season, excavate in season, control the source, and far away from urban pollution. 100% natural health.
2. The slices are uniform and full, the lines are clear, and the chrysanthemum core is obvious: manual slice selection, removal of impurities, natural sun drying, non-sulfur, natural fragrance.
3. Excellent production management and quality inspection team: GMP certification and quality can be guaranteed.

### Storage

Store it in a dry and cool place, avoid direct sun exposure.

### How to distinguish whether *Platycodon grandiflorum* has been smoked by sulfur?

Dried naturally: The color is light yellow, the taste is natural, and it has the natural medicine fragrance.

Sulfur: The color is white and unnatural, the smell is pungent and unpleasant, the taste is sour and bitter.

**Dried naturally**

**Sulfured**
